Dear Kerri,

We thank you and your staff in supporting our health initiative at Independent Group Home Living Program, Inc (IGHL). We are pleased with the service your company has provided to meet the needs of our employees.

In 2011, forty one employees elected to participate. Eighteen of the forty one employees received information that required follow up with their physicians. I personally know that several employees scheduled appointments with their physician.

There was a very positive response to this screening by all participants. Your team is back on campus, as I write to you. IGHL is committed to promoting health and CardiacScan is assisting us obtain our wellness goals.

Yours Most Sincerely,
