CardiacScan

223 Wall St #335
Huntington, NY 11743-2060

On behalf of the Bethpage Fire District - Board of Fire Commissioners, and Bethpage Fire Department, we thank you for the Cardiac screening you held at our firehouse. The impact that your staff and the screening had for our membership is still felt.

One initial barometer for this was the members sharing their interaction with your professional and thorough staff. This exchange was not with the board, but was with other members within the rank and file. This kitchen table exchange lasted beyond the normal lifespan of topics. Our second barometer was and continues as I write this letter. The individuals that were screened are taking positive life changes. These life changes are evident in areas such as weight loss, increased usage of the gym facilities, eating habits, and an overall change in attitude. This is not to say all the members screened have modified their lives, but to make a difference in a few lives is having exponential results.

Thank you for helping meet the goals of our organization, taking care of our own. On a wider goal you are helping us reach a goal set out by the National Fallen Firefighters Foundation. The foundation's goal is to decrease the number of Firefighter Line of duty deaths.

A handwritten signature in black ink that reads "Brian F. Durr".

Brian F. Durr
Chairman of the Board
Bethpage Fire District
