Huntington, NY 11743

Dear Kerri:

I just wanted to let you know how much we appreciate the work you have done providing screening programs for heart disease and stroke through your LifeScan screenings. We have received nothing but positive feedback from our Detectives and their families.

It is always a pleasure to work with your team. From scheduling through testing, it has always been professional, friendly and most importantly, accurate and thorough.

Many thanks to you and your team for all that you do for our members and their families.

Sincerely,

William J. Plant
President
