Attn: Ms. Kerri Kaley, President

Dear Ms. Kaley:

We want you to know that we were very pleased with the quality of service your company provided to the employees of TSBA while providing Life Scans at our office this past January. We sincerely appreciate your responsiveness and the way you conduct business. I would like to compliment your staff for being knowledgeable and thorough. They made the extra efforts to make us feel comfortable during our exams. Many employees have personally thanked me for providing the opportunity for them, and have commented that it has brought them peace of mind. You have made us believers that early detection is paramount in the prevention of sudden cardiac death.

We have recommended your company to others because of our satisfaction with your service. Please feel free to include us as a reference for your growing list of gratified customers.

Good luck to you and your team.

Very truly yours,

Samuel T. Brown
President
